POLYMERIZATION IN LOOP REACTORS :

DECISION ON
PETITION

This is a response to the REQUEST TO CORRECT INVENTORSHIP UNDER RULE 37 CFR § 1.323 AND 1.324 filed on August 6, 2007.

Petitioners request amendment of the inventorship to add Donald Paul Russell as a joint inventor. In support of the petition, a request, signed by a party set forth in § 1.324(b) to correct the inventorship which includes a statement from the person who is being added as an inventor that the inventorship error occurred without any deceptive intention on his part; statements from the current named inventors agreeing to the change of inventorship; a statement from the assignee agreeing to the change of inventorship; and the processing fee set forth in § 1.20(b) have been filed.

A review of the record reveals that petitioner has complied with all the conditions in 37 CFR § 1.324. The petition is granted. A correct filing receipt naming the actual inventors of the above-identified patent, namely, John D. Hottovy, Dale A. Zellers, Robert K. Franklin, and Donald Paul Russell, is attached.

The Petition is GRANTED.
